EXPERIENCE

Media broadcasting roles

IT Media Limited

📅 09/2023 - 04/2024   📍 Balally

- At IT media a small news broadcasting studio i worked a myriad number of roles.
- my main role at IT media was play out operator.
- I also got to work as a camera operator and a sound operator.
- I gained alot of technical skills, learning how to work with and operate different technologies.

Event Steward

Sword Security

📅 01/2022 - 04/2023   📍 1 Argyle square

- I worked for Sword Security as a event steward.
- My main role was to communicate and assist customers at local events around dublin.
- I also scanned tickets and worked a meriad of different roles.

Customer service

Human Appeal

📅 01/2018 - 06/2018   📍 Frankfort, centre dublin 14

- I worked in human appeals offices as Customer service.
- My main role was answering calls and collecting donations through phone calls.
- I also got work on sorting the donations for the charity.

EDUCATION

Bachelor of science in Computer Science

Technologiical University Dublin

📅 09/2021 - Present   📍 Grangegorman

- I am currently studying at TU Grangegorman in my third year.
- I am learning alot at this college, so for we have covered mostly theoretical components of software developement.
- But we have also learned the basics in multiple languages such as C, javaScript and also python.

Leaving certificate

De La Salle College

📅 09/2015 - 06/2021   📍 Churchtown

- I Graduated from De La Salle college with a leaving certifaificate and with a group of loyal friends.

SUMMARY

Hi, my name is Altahier Saleh and I am an aspiring software developer. currently I am studying computer science at TU dublin and I am in my third year. I love working with different tech and creating cool things on the internet. I dont have much work experience but I believe i have great techinical and communication skills that would match great with your team. thanks for your consideration.

TECH STACK

Java script

React.js

Python

Tailwind CSS

C

PROJECTS

Personal portfolio website

📅 05/2024

🔗 altahiersaleh.com

Before entering third year I decided I would like to create a personla portfolio website to record all of my upcoming projects that i would like to work on.

Personal IDE

📅 07/2024

🔗 github

During my summer vaction I came across a Lazyvim which allows you to create your own personal IDE within your terminal using nvim. I felt like it would be an interesting project to create and customize my own IDE using Lazyvim.

Music Visuals

📅 02/2023

🔗 github

for my object orientation module me and a group of friends where told to create a Music visualizer using 3d shapes and animations. we used java script to create the visuals for the song hold the line by toto.
